

Novel Python Functions

Python Functions that
are pass-by-reference
in C++

```
graph RL; A[Python Functions that are pass-by-reference in C++] --> B[Novel Python Functions];
```

The diagram consists of two rectangular boxes. The box on the right is shaded gray and contains the text 'Python Functions that are pass-by-reference in C++'. The box on the left is white with a black border and contains the text 'Novel Python Functions'. A black arrow points from the right box to the left box, indicating a relationship or flow from the C++ concept to the novel Python functions.
