The diagram illustrates a file dependency structure. At the top is a gray box representing a header file: 'MELA/COLLIER/colliertmp /COLLIER-1.2/src/COLI /global_coli.h'. Below it are two white boxes representing source files. The left box is 'MELA/COLLIER/colliertmp /COLLIER-1.2/src/COLI /coli_aux2.F90' and the right box is 'MELA/COLLIER/colliertmp /COLLIER-1.2/src/collier _init.F90'. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
